## Fortune-Creating Maharishi School, Australia

The Maharishi School in Melbourne was established in 1997 and has been operating in its current location in Reservoir for 8 years. The first school building designed and built according to Vedic Architecture was inaugurated in 2006 and consists of 2 large classrooms, an office, a Brahmastan exhibition room, an entry foyer and covered porch,.

**Inaugurated in 2006**

There have been many successes in this building including well attended and productive parent meetings, seminars, workshops and conferences. It has provided a helpful location for teaching TM and the numbers have consistently been on the increase.

**Radiant**

**Happy Students**

The success of the school is seen in the happiness of the students and in their outstanding performances in academics, sport and extra-curricular competitions such as The Australian Mathematics Competition and The Victorian Science Talent Search Competition.

The second Maharishi Sthapatya Veda building, with a similar layout to the first but larger in size, was inaugurated in February 2010. It is located in front of the first building and has its own unique Vastu fence.

**Inaugurated in 2010**

**Peaceful**

The school currently has 6 classrooms covering years 1 to 6. However confirmed enrolments for 2011, as at August 2010, are 3 times the past average. Various options for new classrooms and the acquisition of land are being considered.

**School Meeting**

**Enlivening atmosphere**

Frances Clarke, the Principal since the school's inception, says the whole educational process of teaching and learning is extremely enjoyable and fulfilling.

Frances relates that parents, visitors and others that come to the school all comment on the calm and peaceful feeling in the new buildings together with the inspiring and creative atmosphere. She says it is clear that everyone associated with the school receives the support of Natural Law.
