25 September 2008

Dear Friends,

We are pleased to announce that establishing a Fortune-Creating™ Home or Building is now within everyone's reach. There are now three Portfolios of house pictures and plans available to choose from and a new very reasonable fee structure.

The three Portfolios of house pictures and plans are:-

1. **Australian Customised Homes and Buildings**
This portfolio shows a wide variety of styles including 1, 2 and 3 storey buildings in brick, rammed earth, sandstone and timber ranging from modern designs to traditional concepts. There are pictures of houses under construction and close-ups of Kalash, plinth and entablature installations.
2. **Internationally Predesigned Homes and Buildings**
This portfolio shows 1, 1.5 and 2 storey houses, chalets and cottages together with mansions and Peace Palaces. Vedic ornaments and integrated wall elements for buildings are also on display.
3. **American Customised and Predesigned Homes and Buildings**
This portfolio is a slideshow of the many homes, offices, Peace Palaces, schools and commercial buildings in North America.

All of the above Portfolios are on our Vedic Architecture website under the heading 'Houses and Plans' www.vedicarchitecture.com.au

If you feel that none of the Fortune-Creating Buildings in the Portfolios are right for you then you can still design your own home in harmony with your own desires.

If you would like to use any of the plans from the various Portfolios or create your own plans please contact your local Maharishi Invincibility Centre or the National Fortune-Creating Building office.

Over the coming weeks we will be updating another Portfolio of pictures and plans for Commercial Buildings which will show more comprehensively the great progress that has been made in recent times in creating Peace Palaces, villages, resorts and Fortune-Creating sustainable green office buildings. This Portfolio can be seen under the heading 'Commercial' on the Vedic Architecture website.

Dr Hartmann said at Guru Purnima in July this year that “Living in Vastu – Cosmic Living – gives us mastery over time and space”. He also mentioned that Maharishi said “The range of Maharishi Sthapatya Veda is beyond the comprehension of the human mind. We cannot describe the indescribable”.

It is good to obtain some *knowledge* of Maharishi Sthapatya Veda through the various avenues available such as websites, talks, seminars, workshops, DVDs, videos and books but it is also essential to have the *experience* of preparing plans, building a home in accordance with Natural Law and then living and working in these Fortune-Creating Buildings to be able to gain full and pure awareness.

Maharishi said on 16 November 2005;

“We have come to realise that anyone who is not living in Vastu properly he will be struggling to achieve anything successfully.”

“As long as my workers in the world are not living in proper Vastu homes, not living according to the Vedic architecture, so long their efforts, their desires will not bring the right result, so what I did two, three weeks ago, I stopped talking to my workers in the world I told them if you are not living in proper Vastu homes according to Sthapatya Veda, then please do not waste my time anymore because you are not capable of understanding what I am saying”.

“Total Natural Law does not function if one is not living in a home built according to Vastu principles, Vedic Architecture . . . they are not practically supported by total Natural Law”

“Vastu is like a guard on the door. It simply will not allow any damage. It is that intelligence of nature which is protective on the one side and promotional to all positivity on the other”

– Maharishi

The reduction in the fee and the provision of portfolios of plans for houses, offices, factories, villages, etc have been introduced to enable everyone to experience this wonderful gift of living in proper Vastu. Maharishi has given us the opportunity to apply this ancient and complete knowledge and for this blessing we are eternally grateful. The auspicious activities of Governors, Sidhas and Meditators should be performed from the highest level of consciousness possible and living and working in Fortune-Creating Buildings is an essential part of achieving this ideal.

The next seminars and workshops on Fortune-Creating Homes and Buildings will be held in mid October in Melbourne and Hastings and in late October/early November in Perth. The local Architecture Directors and Invincibility Centre Directors will announce the dates and details in the coming days. Details will also be on our website – Home page under ‘News and Events’.

We look forward to seeing and hearing from you very soon. We hope that we can assist you to enjoy this wonderful experience of living and working in a Fortune-Creating Building.

Kind regards,
Jai Guru Dev
Mike
