Fortune-Creating Home completed in Bridgetown W.A.

East Entrance

North Entrance

Captain Peter Herman, Governor, has completed his Fortune-Creating Home in Bridgetown, Western Australia. Building this home has been a remarkable achievement by Peter in view of his work and other commitments overseas requiring regular worldwide travelling and also because the building is 280kms South of Perth. Bridgetown is a beautiful lush area and the elevated location where Peter has built the house has a feeling of heaven descending on earth.

The home has been built in W.A. sandstone and all materials are 'green' including the sewage system. Peter and his team – the builder, architect and contractors – have all supported the principles of Maharishi Sthapatya Veda and ensured precision and accuracy in accordance with the design plans. We greatly admire Peter's focused and consistent approach to creating this ideal building and his dedication in using Maharishi's knowledge so completely and enthusiastically.

Throughout the planning and building process Peter has reported some amazing experiences which he may share with us at a later time. Below is a short comment from him on the process.

Building a house, especially as an owner builder, can be daunting for a first-timer. But as soon as we acquired the land in Bridgetown, Mother Nature supported and within two days the perfect team of draftsman and tradesmen had come together, all inspired by the prospect of building a fortune-creating home. Working with MSV consultant Mike Lyons is always a joy. Mike's profound knowledge and insight into Maharishi's Vedic Science of Architecture and his great intelligence makes the task of designing and building a Vedic home blissful, easy and fun. Once the team in Bridgetown had learned to meditate, the level of nature support grew and all the normal problems and challenges that arise during building were quickly resolved. The result is a beautiful home, expertly drawn by Peter

Thompson and finished with great precision by team leader Greg Tomkinson, that radiates silence, peace and bliss.

*Jai Guru Dev.
Peter Herman*

We congratulate Peter on accomplishing this supreme undertaking of building the total value of Natural Law into the material structure of the home.

Dr Sally Clarke, Governor and long term Sidha, who has rectified a home in the past and is currently searching for suitable land to build a Fortune-Creating Home, has been house sitting Peter's home from time to time while he is overseas and her blissful experiences are related below.

Vastu living

On arrival to live here, I had such a beautiful experience. As I walked to the house my being stirred. I continued through the vastu fence and as I approached the front door, and felt my being bow in reverence and respect to the great being of the house. That first night on my own, as I locked the front door, I wondered how I would feel. My awareness automatically shifted to my central chest area and I realized that I felt very safe and completely secure.

I make excuses not to go to town to do the shopping, etc. because I enjoy vastu living so much and find myself thinking; this can wait another day. It's some efficiency for petrol, and time, etc., and when I do step out I get lots of nature support; everyone I meet in doing my shopping/errands is so friendly and helpful - it's a joy.

Sometimes I need to do some task, something I've not done before and I don't know how to go about it, or how I will get it done. Later I find myself spontaneously acting and then realise that it leads to the easy accomplishment of the task. I am amazed - from not knowing how to do it, to finding it is spontaneously done.

Programme is sublime. I've felt such deep silence here in the meditation room; such delicacy in programme and the experience of 'softest thinking'. It is completely beautiful.

What a very cosmic house it is. On my second trip here, I had been listening to my iPod on 'shuffle' through the earphones and had the feeling to continue listening as I was

entering the house. I thought this was a bit strange but since I had the thought I'd go with it. As I got out of the car and approached the house, I felt happy, like I was visiting an old friend. I started thinking; how will it like the modern music? In the darkness, I had a bit of difficulty seeing the key label and was delayed finding the right key. I opened the locks on the door and, as I stepped through the guest room door, the Rashtra Gita [the anthem of the Global Country of World Peace] started playing on the iPod! How cosmic is that?

Dr Sally Clarke

We have included below 2 other pictures of Fortune-Creating Homes built in Perth in past years which we have not reported on previously.
