

Global Country of World Peace – Ministry of Architecture

VASTU COORDINATOR TRAINING PHASE 1

The Ministry of Architecture is pleased to offer an on-line seminar for the training of Vastu Coordinators, comprising four sessions of about 2 hrs each (date to be announced shortly). The course is open to Sidhas and Governors from all countries, with the recommendation of their National Director. Priority will be given to those who are already Vastu Directors or Jyotish and Yagya Coordinators. The course is also open to architects and builders who practise the Transcendental Meditation® program.

Our goal is to provide more Fortune-Creating™ homes to our worldwide family, to activate the promotion of Fortune-Creating Vastu projects in each country, and to help with Maharishi Sthapatya Veda™ consultations on the local level.

Please submit your application to the National Office. (After approval by the Raja and National Director, applications will be sent to the International Course Office.)

Please apply as soon as possible, preferably by Guru Purnima.

VASTU COORDINATORS AND THEIR ROLE

Vastu Coordinators are appointed by the National Director for a particular region of the country. They act in concert with the Deputy Ministers of the Global Ministry of Architecture or the Fortune-Creating Homes company in their country and are responsible for:

1. Promoting Maharishi Sthapatya Veda architecture in their area through:
 - Presentations in local Maharishi Invincibility Centres.
 - Personal contacts with potential clients.
 - National Internet site on Maharishi Sthapatya Veda architecture.
 - Presentations to local builders and developers.
2. Helping clients with land evaluations.
3. Acting as coordinators for application and fee payment procedures for Vastu developments in their region.
4. Presenting to clients from their own computers the portfolio of standard homes, and other Fortune-Creating buildings.

The Vastu Coordinators will be equipped with promotional materials (printed and digital) and all necessary application forms.

They will also receive significant compensation for the work they do in creating new clients. Such an arrangement will motivate more active Vastu promotion in the country, which will generate more Fortune-Creating projects for the benefit of all.

Rajas and Raj Rajeshwaris may modify this based on the situation in their domains.

Graduation from this seminar is a pre-requisite for attending **Phase 2** and **Phase 3** of Maharishi Sthapatya Veda Consultant training, which will only be open to qualified architects and builders.

Please contact NationalOffice@InvincibleAustralia.org or tel: (08) 8735 7118.
